

**Second announcement**

## **TRACE 2004**

**Tree Rings in Archaeology, Climatology and Ecology**

We would like to remind you again of the upcoming TRACE-meeting (Tree Rings in Archaeology, Climatology and Ecology) to be held April 22-24, 2004 at the WSL/Birmensdorf.

**The deadline** for abstract submission is **January 15, 2004**. Please submit abstracts as word-files to [trace2004@wsl.ch](mailto:trace2004@wsl.ch)

Please also indicate whether you intend to present a talk or poster.

**The abstract** should not exceed one page. The exact length of the talks will be announced later, when the final number of participants is known, but likely will be 20 minutes or less.

**The conference fee** is 40 CHF for students and 70 CHF for all others. An additional 20 CHF discount will be given to ATR members. The fee includes the icebreaker, all coffee breaks, and lunch on Friday.

Since the meeting is especially designed for **students and young scientists** to present their work, we will try to provide some **travel support on request**. Note, however, that we can only support a limited number of foreign students.

For accommodation and further details, please visit our homepage:

<http://www.wsl.ch/land/dynamics/TRACE2004/TRACE2004Homepage.ehtml>

For registration and information, contact [trace2004@wsl.ch](mailto:trace2004@wsl.ch)  
(Coordinator: Ulf Buentgen).

We look forward to see you in April,

Jan Esper and Holger Gaertner
